

implore you to reconsider the consequences of your actions. One giant media company is not only not a good thing for the people of the United States it is not a good thing for the shareholders of the company. Did anyone get the AOLTIMEWARNER debacle? BUT that is auk because if you sow the seed of media complacency and greed you surely will reap the rewards.

"And behold, I am coming quickly; and my reward is with me, to give evvery man according as his work shall be. I am alpha and Omega, the beginning and the end, the first and the last" Rev 12-13

May the YAHWEH, GOD OF ABRAHAM, ISAAC, JACOB, speak to you regarding the gravity of this matter.

In Christ,
